## Lake Wangary Primary School Newsletter

**5/6/7 Class Aquatics**  
Aquatics was incredible, nerve racking and awesome. The weather was horrendously windy on day one and sunny and warm on day two.  
The water was calm, clear and inviting.  
Windsurfing was exciting, scary and exhilarating.  
Small boat handling was informative and enjoyable.  
Snorkelling was jellyfish infested and adventurous.  
Canoeing was incredibly tough against the wind.  
Paddle boarding was exciting and competitive.  
Sailing was relaxing and refreshing.

# Message from the Principal:

Hi Everyone,

Thank you to the many parents who are regularly coming in to school and helping out by listening to students read and supporting students in class, it is greatly appreciated.

The 2017/18 Site Improvement Plan is complete and has been shared with Governing Council. The priorities are English, Maths, Technologies and Wellbeing, if you would like a copy please contact the school. The 2016 Annual Report has also been endorsed by the Governing Council and is available to all parents. Both the Site improvement Plan and Annual Report will be on our school website soon.

Sports Day is fast approaching (24th of March, Friday of week 8), house captain have been elected and classes will be practicing events over the coming weeks. This year there will be a preschool event included in the program. Governing Council will cater for lunch and a food order will go home soon. They will require parent helpers throughout the day to serve and prepare food. If you are available to help please contact the school or a Governing Council member.

We implement a Crunch&Sip® program to encourage students to eat fruit and vegetables and drink water. Crunch&Sip® is a simple way to ensure students are eating at least one serve of fruit or vegetables each day. Well-nourished children concentrate and perform better. It helps students to 're-fuel' during the 'gap' between breakfast and recess. At these 'gap' times children's attention may start to fade in class. Their mental, physical and social function is also improved. To help your child participate in Crunch&Sip® please provide a small piece of fruit or vegetable each day. The fruit can be any variety of whole or chopped fruit (eg. apple, chopped melon or dried apricots) or vegies such as carrot or celery sticks. Other drinks or foods are not permitted in the classroom.

**Making Friends - Everyone needs a friend:**

### How parents and carers can help:

You can help children by listening to them talk about the everyday jobs and troubles that arise out of their friendships. Asking what might have led to others' reactions can help the child, with your assistance, to think of possible solutions.

When problems arise in friendships it is important not to blame children but to show them how to find a solution. A problem-solving approach is often helpful.

- 1 Encourage the child to describe what has

happened

- 2 Ask about how they felt
- 3 Ask them how they think the other person might see it and how they might be feeling
- 4 Get them to think of ways they could do things differently next time
- 5 Encourage them to try the new approach - get them to practise with you so they feel more confident
- 6 Check back with your child to see how things turned out.
