

THIS WEEK WITH MISS FENNELLS YEAR 1/2 CLASS

In term 1 we have been studying technologies with the Foundation class. We have been looking at where our food comes from, in particular our local industries. We have looked at wheat and flour, cows and milk and crayfish so far. Here are some pictures of students having a go at turning wheat into flour.

Message from the Principal:

Hi Everyone,

As part of the Port Lincoln Partnership we are implementing the YuMi Deadly Maths strategies/pedagogy. Over the next 3 years staff will be involved in professional training, online support and school visits. Recently we had a visit from the YuMi Deadly Maths team; Kim and Judy. During their visit they spent time supporting the 5/6/7 class as well as demonstrating Maths strategies in the 1/2 class where staff could observe. They also spent the staff meeting sharing strategies to support the 'Body, Hand & Mind' concept supporting students to deepen Maths understandings with the use of the 'Maths Mat'. All staff have begun implementing the YuMi strategies/pedagogies. If you wish to know more information please contact myself at school or talk with your child's teacher.

On Monday the 6th, staff joined with Poonindie Community Learning Centre to begin professional development on 'Collaborative Moderation' which is the Learning Design, Assessment and Moderation Strategy. The day allowed staff to; develop a shared understanding of the achievement standard for each year level in the area of Maths, collaboratively design learning and assessment tasks ensuring consistency across the 2 sites in Maths and an opportunity to reflect on and share practice and deepen their pedagogical content knowledge. This day was extremely valuable and we will join together again during term 2.

During Week 9 teachers will be conducting parent - teacher - student interviews. Students are invited to join these conversations which I highly encourage. These discussions are a way to convey information about your child's development in various curriculum areas, set goals for the year and answer any concerns or issues. I will be attending some of the discussions over the week. If you have not already done so please contact myself to book in a time.

Sandra Spencer

Dates to Remember:

Week 8
Tuesday 21st March

Harmony Day

Friday 24th
Sports Day

Week 9
Tuesday 28th
March
Governing Council Meeting

Friday 31st March
3/4 Assembly
2.30pm

Week 10

Week 11
Tuesday 11th April
5/6/7 Athletics Day

Thursday 13th April
Last Day of Term
Dismissal 2.10 pm

Helping children learn positive friendship skills:

Importance of children's friendship

At any age, having friends provides support and promotes mental health and wellbeing. Children's friendships are also very important for their social and emotional development. Through friendships children learn how to relate with others. They develop social skills as they teach each other how to be good friends.

Most children want to have friends. Children who have friends are more likely to be self-confident and perform better academically at school than those without friends. When children have difficulty in making friends or in keeping them, it often leads to feelings lonely and unhappy with themselves. Feelings rejected by others may lead to significant distress. Learning positive friendship skills can help children socially so they feel happier and more confident.

Bahasa Indonesia

"I am only one, but I am one. I cannot do everything, but I can do something. And I will not let what I cannot do interfere with what I can do." Edward Everett Hale

Di mana rumah Anda? ★

Yr5-7 used puppets to talk about themselves ask/answer questions.

Singing and action songs.

In our Indonesian lessons this term we are learning lots of strategies to help us learn and remember new questions and answers, as well as words that help us make our responses more interesting and detailed.

Some of the learning strategies we use are :

- Watching youtube clips and listening to native speakers of Indonesian
- Playing games where we ask and answer questions
- Making up mnemonics (tricks to help us remember words)
- Singing songs and doing actions
- Making things related to the key questions
- Using puppets to practice talking
- Using pictures to remind us what things mean in Indonesian.

Overview

F = Introduction to all things Indonesian.

1-2 *Di mana rumah Anda?*

Where do you live and what is your house like?

3-4 *Kamu suka melakukan apa?* What do you like to do?

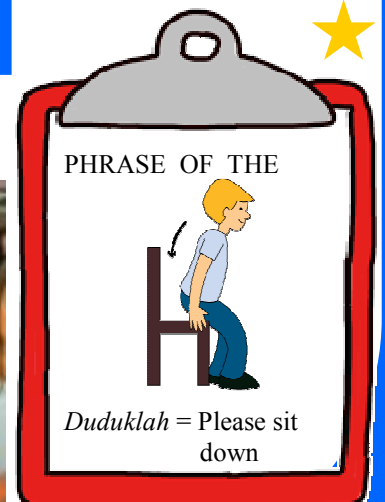

5-7 Socialising—asking and answering questions about yourself and others.

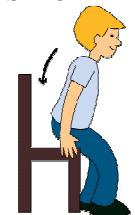

Ask and answer games

Surveying for information.

PHRASE OF THE

Duduklah = Please sit down

Farewell Mr Treasure!

The 3/4 Class said farewell to Darian last week. Darian has taken a position at Lincoln Garden's Primary School.

The school and the class welcomes Mrs Lisa Northcott for the rest of the year.

NEWSLETTERS

If you would like the newsletter emailed to you please let Dan know.

Send Dan an email -

danielle.morgan134@schools.sa.edu

to be added to the list. The newsletter is also on the Skoolbag app along with every note that is sent home with students.

No more lost or scrunched up notes!

If your child is getting off at another bus stop or is not on the bus please either write a note in their diary or ring the school to let us know. Thank you

PREMIERS' READING Challenge

The 2017 Challenge has started!

The Challenge is for each student to read **12 books** by the start of September 2017. Once completed they will receive an awards at the end of year.

Encourage your children to have a go!

Enjoy the Challenge!

SRC NEWS

The SRC have purchased new basketball nets from money raised last year.

Stay tuned for more SRC functions coming soon!
